Category	Feature	Step #	Step description	Performed by
LMS & Training	**Course Creation**	1	Get topic, audience, goal and duration.	HR
		2	AI builds the outline: modules and what learners will be able to do.	AI Agent (HRNow)
		3	Write short content for each module with examples.	AI Agent (HRNow)
		4	Add slides, videos or document links.	AI Agent (HRNow)
		5	A subject expert checks accuracy.	AI Agent (HRNow)
		6	Upload to the LMS and test it as a learner.	AI Agent (HRNow)
LMS & Training	**Quiz / Assessment Creation**	1	Take the course content and goals.	HR
		2	AI drafts about 10 questions (multiple choice and short scenarios) with correct answers.	AI Agent (HRNow)
		3	Set pass mark and time limit.	AI Agent (HRNow)
		4	Review questions for accuracy and difficulty.	AI Agent (HRNow)
		5	Upload to the LMS and test it once.	AI Agent (HRNow)
LMS & Training	**Training Assignment**	1	Get the training and the employee list.	HR
		2	Set the due date.	AI Agent (HRNow)
		3	Assign in the LMS and send a notification.	AI Agent (HRNow)
		4	Confirm the course shows for each employee.	AI Agent (HRNow)
		5	Record the assignment in the tracker.	AI Agent (HRNow)
LMS & Training	**Training Reminder**	1	Check daily who has not started or finished.	HR
		2	Pick the reminder: 7 days before, 2 days before, on the due date.	AI Agent (HRNow)
		3	Send a short message with the link.	AI Agent (HRNow)

		4	Stop reminders once the training is complete.	AI Agent (HRNow)
		5	After the deadline, send the manager a list of overdue people.	Manager
LMS & Training	**Assessment / Evaluation**	1	Employee completes the assessment in the LMS.	Employee
		2	Score automatically. For written answers, AI scores against a rubric.	AI Agent (HRNow)
		3	Mark Pass or Fail and give the score.	AI Agent (HRNow)
		4	Send result and feedback to the employee.	AI Agent (HRNow)
		5	Share a summary with HR and the manager.	HR
		6	Offer a retake if the policy allows.	AI Agent (HRNow)

Role type	Suggested tool/system	What this step needs	What this step produces
Initiate		Topic, audience, goal, duration.	
Execute (AI)			
Execute (AI)			
Execute (AI)			
Execute (AI)			
Execute (AI)	LMS integration		Course live in the LMS.
Initiate		Course content and learning goals.	
Execute (AI)			
Execute (AI)			
Execute (AI)			
Execute (AI)	LMS integration		Quiz ready in the LMS with an answer key.
Initiate		Training name, employee list or rule (role/department), due date.	
Execute (AI)			
Execute (AI)	LMS integration		
Execute (AI)			
Execute (AI)	Internal database/tracker		Training assigned with due date.
Initiate		Assignment list with status and due dates.
